

Flower Ministry 2015-2016

It has been a challenging year for the St Martin's flower team. Due to unfortunate accidents and illness, it has, at times, been difficult to cover weddings etc.

However, the situation is improving with an increase in the number of willing helpers who are learning to arrange flowers for various points around the church. It is very encouraging to see them enjoying the experience of arranging flowers and their genuine pleasure of seeing their completed arrangements looking beautiful.

We very much appreciate the loyalty of all the team and the support of so many church members. We are now looking forward to a successful year ahead.

Jean Saltmarsh and Eileen Miles
